Please read and answer the corresponding questions:

Handwashing Facilities	At minimum, you must provide 5 gallons of warm water in an insulated container with a locking spigot (no push-buttons), a catch bucket for wastewater, soap and paper towels. Plumbed sinks with a holding tank are also acceptable. Will this be provided? YES or NO (circle one)
Dish/Utensil Washing	When dishes, utensils, pots, or other food equipment are re-used onsite during the event, or for events lasting more than one day, you must provide facilities to wash, rinse and sanitize. A three-compartment sink or temporary "three-tub" set-up must be available onsite in booth or within 200ft. Will this be provided? YES NO N/A
Produce Washing	A separate food prep sink or tub with clean, running water must be used to wash fresh produce. If using a plumbed sink, it must be indirectly drained to prevent contamination of food. Will this be provided? YES or NO
Sanitizer	A sanitizer solution must be made and kept onsite with wiping cloths stored in it to sanitize surfaces as needed. The most commonly used sanitizer solution is 1 tablespoon of bleach per gallon of water. Will this be provided? YES or NO
Garbage Disposal	Leak-proof, pest-proof garbage bins must be provided in the booth to retain all garbage generated and should be emptied as needed. Will this be provided? YES or NO
Wastewater Disposal	Catch buckets and/or holding tanks must be used to collect all wastewater generated during the event, and then emptied into an approved sewer. Wastewater cannot be disposed of onto the ground. Will this be provided? YES or NO
Employee Restroom	A Restroom for employees must be available during all times of operation and within 200ft of the booth. All restrooms must have hot and cold running water, soap and paper towels for handwashing. Will this be provided? YES or NO
PIC and Food Worker Cards	There must be a Person-in-charge (PIC) onsite (in booth) at all times to monitor food safety practices and ensure other workers are following the food safety rules. The PIC must have a valid Food Worker Card issued in Washington State. Most booths will need more than one PIC so that all shifts can be covered. Will this be provided? YES or NO
Thermometers	A thin, metal-stem type thermometer with a temperature range of 0°-220°F must be provided to monitor the internal temperature of foods. With thin meats, such as hamburger patties, a very thin digital type may be required. Will this be provided? YES or NO
Bare-hand Contact	Food workers must use barriers to prevent bare-hand contact with ready-to-eat food. Barriers include single-use gloves, tongs and other utensils, deli tissue, etc. Will this be provided? YES or NO

By signing, I understand that issuance and retention of any permit is contingent upon satisfactory compliance with Grant County Health District requirements. If you decide to change the date or location of a temporary food service permit which you have already applied for, or you need to cancel a temporary food service permit, you must make the request, by phone or in person, at least 5 business days before the event. You may not request any changes or refunds less than 5 business days of the event. \$30.00 of each refund will be retained by the Health District for administrative expenses.
