National Public Health Week

GRANT COUNTY, WA – To celebrate National Public Health Week (April 3-9), GCHD will be working to educating individuals and communities on Public Health issues that could affect the health and safety of Grant County residents! Tune in to GCHD's Facebook page (www.facebook.com/GCHD.WA/) or GCHD's website (www.granthealth.org) to get the most up to date public health information. GCHD is continually seeking new ways to open the channels of direct communications with the public and community partners to provide updates, resources and education.

Here is our Public Health education schedule for the week:

Monday April 3rd**Springtime Health and Safety**

- Zoonotic Disease- diseases from animals such as Zika, West Nile, Hantavirus, etc.
- Get Out and Get Active

Tuesday April 4th**What is a communicable disease and why should I care?**

- Communicable & Chronic Diseases
- Immunizations
- Cost of an outbreak

Wednesday April 5th**Breathe easy- Grant County is smoke and vape free.**

- Tobacco, Marijuana & Vaping

Thursday April 6th**Safe and Healthy Foods for all!**

- Q&A session with GCHD's Health Inspectors

Friday April 7th**Release our 2016 Annual Report Fact Sheets**

**Q & A Session
with GCHD
Health Inspectors**

Are you curious about proper cooking temperatures? Or thawing food properly? How about why we have strict food regulations?

Submit questions all week and GCHD inspectors will provide answers on Thursday April 6th from 5:00-7:00!

All questions asked will remain anonymous!

Submitted your questions 2 ways:
